

## LOCAL NEWS.

FRIDAY EVENING, SEPTEMBER 12

For this section rain, stationary temperature, southeasterly winds.

**THE ARREST OF MR. WEDDERBURN.**—In speaking of the arrest of Mr. Wedderburn in this city on Wednesday, mention of which was made in the GAZETTE on that day, the Washington correspondent of the Baltimore American says:

"The arrest of Alexander J. Wedderburn yesterday was made by order of the District Attorney Thomas R. Borland, of Northern District of Virginia. The matter had been turned over by the postal authorities to the Attorney General, who in turn placed the matter in the hands of the Virginia district attorney for investigation. The arrest was the result of the investigation, and was by order of the district attorney. The warrant was sworn out on sections 5451 and 5475 of the Revised Statutes of the United States. These sections read as follows: 'Section 5451—Every person who promises, offers or gives, or causes to give, or procures to be offered or given, any money or other thing of value, or makes or tenders any contract, undertaking, obligation, or security for the payment of money, or for the delivery or conveyance of value to any officer of the United States in any official function under or by authority of any department of the government thereof, or any person acting for or on the behalf of either house of Congress, with intent to deceive on any question, matter, cause or proceeding which may at any time be pending, or which may be brought before him in his official capacity, or in his place of trust or profit, or with intent to influence him or commit, or aid in committing, or to collude in or allow any fraud, or make opportunity for the commission of any fraud on the United States. Section 5475—Any person who shall purloin, steal or embezzle any mailable or other property in use by or belonging to the Postoffice Department, or who shall, for any lucre, gain or convenience, appropriate any such property to his own or to any other than its proper use, or who shall, for any lucre, gain or convenience, appropriate any such property to his own or to any other than its proper use, or who shall for any lucre or gain, convey away any such property to the hindrance or detriment of the public service, if the value of the property be \$25, or over, shall be punishable by imprisonment at hard labor for not more than three years, and if the value be less than \$25, the offender shall be punishable by imprisonment for not more than one year, or by a fine of not less than \$10 or more than \$20."

**A RESTLESS SPIRIT.**—The colored element of the southwestern portion of the city are considerably agitated over a ghostly manifestation which is alleged to have taken place in that neighborhood during the past few nights. A few weeks ago, it will be remembered, the dead body of a colored woman named Jane Gibson was found in an alley in that part of the city under circumstances which went to show that she had been scalded to death, but though the affair was thoroughly investigated no solution of the mystery was arrived at, and the remains were buried. But it seems that the deceased has grown restless since she was committed to mortal earth, and doesn't propose to remain quietly in the grave while her murderer is going at large, and a night or two ago she revisited this "mound of earth" and entered her old abode where she had an interview with her husband. She told him the parties who had been suspected of hurrying her out of the land of the living were innocent of the crime, but the guilty parties were well-known to her and at another time she would come and give him their names. The husband was called on by an acquaintance to corroborate the report, and he hesitatingly vouched for its truth, and related substantially what is given above.

**PERSONAL.**—Mr. T. Madison Broadus has returned from Old Point Comfort, where he has been in attendance upon the sessions of the American Pharmaceutical Association and the Virginia Pharmaceutical Association. He is a member of both these bodies. He says that the best paper read before the Virginia Association was that by Prof. Remington, of the Philadelphia College of Pharmacy, on "The Metric System of Weights and Measures."

Young Messrs. Willie Whitcomb and Jeff. Atchison have secured positions in the auditor's office of the R. & D. R. R. in Washington.

Mr. J. R. Oton has returned from a business trip to Boston.

Mr. Willie Schreier has returned from the Hot Springs much improved in health.

Miss Lela White, of Washington, and her friend, Miss Supple, of Montreal, Canada, are visiting Miss Little Deal on Duke street.

**CORONER'S INQUEST.**—Last night at Mr. Wm. Demaine's undertaking establishment an inquest was held on the body of the man found floating in the river yesterday morning, an account of which was published in yesterday's GAZETTE. The only witness examined was Capt. Peter Francis, who found the body below Clifton Beach, and as there was nothing by which to identify the remains, the jury returned a verdict of accidental drowning. Drs. Purvis and Smith held a post mortem examination. They found a bruise on the side of the man's head, but the injury was not sufficient to have caused death. There was no fracture of the skull. The remains were interred to-day.

**CORPORATION COURT.**—Judge J. K. M. Norton presiding.—The grand jury, which has been in session since Monday, to-day were adjourned for the term after returning true bills to the following indictments: Sefer Boone, Mrs. Mary C. Smith, David A. Brown, Henry Eaglehart and Mrs. Mary Arrington for violating the Sunday liquor laws; Mrs. Margaret Alexander for selling liquor without license, and Bertie Kyle for keeping a disorderly house.

Judge Norton ordered that summonses be issued to all the indicted parties to appear in Court on Monday next.

Court then adjourned till to-morrow.

**POLICE REPORT.**—Last night was cloudy and warm with two prisoners and one lodger at the station house.

The Mayor this morning disposed of the following cases:

Alfonzo Arrington, arrested by officer Simpson charged with disorderly conduct, was dismissed.

A white man, arrested by officers Ticer and Young for an assault on Alfred Greenhill, colored, was fined \$1.50.

Ed. and Wm. Dudley, colored, arrested on a peace warrant sworn out by Henderson Dudley, were required to give bond to keep the peace.

**BOAT FOUND ADRIFT.**—A canoe belonging to Capt. McKinney, of this city, in which was a quantity of goods, was picked up adrift near Nanjomy creek, on the 8th by two colored men. The boat had recently been in charge of a man named Richard Wood, from St. Mary's county, Md., and it is believed he has been drowned.

This evening the body of the man found drowned by Capt. Peter Francis, and which was buried this morning, will be examined in order to ascertain if it is the body of the missing man, Wood.

**A GOOD PROSPECT.**—C. M. Borum, division freight agent of the Virginia Midland road, in an interview with a reporter of the Lynchburg Virginian on Wednesday said: "From observations made on the line of the Virginia Midland division of the Richmond and Danville railroad, and the numerous inquiries made for rates on many commodities not hitherto classified or rated, I am led to believe that we will have the largest fall trade we have had for years."

**WARD MEETINGS.**—The republicans of this city will hold ward meetings to-night to elect delegates to the city convention to meet to-morrow, which in turn will elect delegates to the Manassas Congressional convention, which is to meet on the 18th. It is said that an effort will be made in some of the wards to elect delegates who will insist on the republicans making a nomination for Congress.

**HAULED OUT.**—The steamer Lady of the Lake was hauled out on the ways at the shipyard to-day, when it was ascertained that the damage she sustained in running on an oyster bank near Point Lookout on Saturday morning last was comparatively trifling, only a small hole having been made in her bottom near the bow.
